What a great first half of this Altrusa year! I have enjoyed seeing all of the great projects our clubs are doing and sharing on social media. You all are truly making a major impact in your communities. I am very excited about how many of you have embraced the Kindness Challenge. I want to especially give a shout out to Altrusa International of The West Valley, AZ., who has chosen a theme for each week and encourages their members to do an intentional act of kindness that fits the theme. What a great idea!

It is gratifying to see our clubs continuing with our book challenge. Hardly a day goes by that I don't see a Facebook post about a club donating books. You all are amazing in the difference you are making in literacy in your communities. Membership continues to be prominent in our clubs. Many clubs have shared photos of the new members being initiated. Did you set a goal for the year for new members? Have you re-evaluated to see if you are meeting the goal. This is a great time to bring in new members since we are in the half price dues months.

Charter ceremonies were held recently for two clubs in District Eleven - Altrusa International of Coachella Valley and Altrusa International of Southern CA Virtual Club. During the virtual charter ceremony of the virtual club, we welcomed new members from Mexico in addition to California. Both clubs are off to very strong starts with great projects. On December 11, Altrusa International of North East Texas (District Nine) was chartered. Their official charter ceremony will be February 3. We still have several additional clubs in formation and we look forward to them reaching charter strength soon.

I am excited to see what our clubs will accomplish in 2024! Happy New Year!

Let's all continue to R.O.C.K. – Realize Opportunities, Create Kindness! Did you know that Saturday, February 17, 2024 is Random Acts of Kindness Day and that February 13-19 is "Kindness Week." Let's see what our clubs can plan to make a difference in your communities during that week. Any kindness act no matter how large or small will make a difference for someone.

Let's R.O.C.K.!

## 2024 Let's Focus on Membership: Retention and Recruitment

Nancy Norris, International Membership Development Committee Vice Chair

With the holiday season behind us, it doesn't mean the end of the gift giving season. What better gift to offer a friend, family member, or colleague than the gift of Altrusa? That can happen at any time during the year. We have five more months in this club year. Have you accomplished your personal and club new member goals? If not, here are some ideas so you can work on the goals.

My first suggestion is to Dream Big for Altrusa!

Think Big

Think more Service

Think of all the good to do

You have the opportunity to make a difference in someone's life and in your community. Don't ignore it. Act on it. Somebody needs what Altrusa has. Altrusa has to offer, leadership growth, long lasting friendship, and providing community service as a group that make a significant impact. Why is Altrusa membership important? It is the heart of our organization. My sponsor took the time to instill in me the importance of membership and then took it a step further to explain her process of introducing Altrusa to others. She was a champion Member sponsor, so much so our club has a club award named for her. The process is as easy as 3 steps.

- Ask/invite someone to an Altrusa meeting, service project or fundraiser.
- Make a list of potential friends, family, coworkers, people who do business with.
- Clubs MUST set membership goals, then take it a step further and make your personal membership goal, every year.

I have a list of six individuals that I want to introduce to Altrusa this year. This list sits by my computer so I see it frequently. To date four of these individuals are now Altrusans. It's that easy. Seriously! Start by telling them a little about Altrusa and then invite them to a meeting. Introduce them to the members, share what service projects you are currently working on. Ask if they would be interested in becoming an Altrusan.

One obstacle I hear often from members is ...I'm retired, I don't know very many people. The truth is we come in contact with a host of people that would like to be invited to become a part of a wonderful group of people that enjoy doing good things for their community. Here is a short list of people we work with and support through out the year. Consider inviting them to attend with you (key words here) an Altrusa meeting, service project or fundraiser.

Your hairdresser

Nurse

Church (who do you sit with)

Real Estate agent

Insurance agent

Accountant

Doctor

Banker

Teacher

Fitness coach

Financial Advisor

Florist

Nursing home staff

Hotel managers/staff

Chamber of Commerce staff

Business owner (dress shop, art gallery etc.)

Most important: former members

Recruitment and retention are both equally important. Let's talk about retention. Do you know your club's retention rate? To calculate membership retention rate, divide the number of renewed members by the number of members you had the prior year. Multiply the resulting number by 100, and you have your retention rate. So, for example if you had 25 members last year and 20 of those members renewed their membership this year. To find the retention rate, you'll divide 25 by 20 then multiple by 100. Example:  $20/25=.8$   $.8 \times 100=80$  Your membership retention is 80%

Knowing your members; who they are, where their passions reside, and their talents is key to retention. This can't go without saying, make your members feel welcome. Start by asking a new member to sit with you. Seriously, this makes a new member feel so grateful. It's truly an act of kindness.

In my club we made a shift on our Membership committee (all new members must serve on this committee their first year in order to learn more about Altrusa). Our new members this year are very interested in getting involved in our community and providing meaningful service work. So, we shifted our monthly meeting to meet the desires of our new members. Every other month we shift from a meeting to the next month a hands-on service project out in the community. It is working great.

I urge you and your club to tailor activities, and personalize interactions aimed at making members feel welcome. Encourage all members new and old to get involved and contribute to the mission of your club.

## Everyone Has a Voice

*Julie Stratos, International Leadership Development Committee Member*

Have you ever sat in a meeting in which the majority of those attending never said a word when discussing an issue? Then a decision is made and later those same silent meeting goers complain about the decision that was made. Everyone has a voice but unfortunately too often those voices aren't used.

Why don't people speak up? They're shy; they want to avoid controversy; they think people won't listen to them; and the list goes on and on. As we strive to develop leaders, we must encourage everyone to use their voice. As they do, they will gain confidence, begin to participate more actively, and be more open to taking leadership roles.

Altrusa's leaders, whether they're club presidents or committee chairs, district governors, or International president, recognize that to accomplish a goal, it takes a team working together. Leaders must give their team the opportunity to use their voices and listen to those voices to gain their support and endorsement of the goals they wish to attain.

One of Altrusa's principles is "Altrusa develops true leadership..." If our voices aren't used - and heard - we won't have the future leaders we need to ensure Altrusa will stay strong and grow to continue to serve our communities around the world.

## A Review of Altrusa.org

*Emily DeVlieger, International Communications Chair*

Altrusa International, Inc.'s website plays a pivotal role in connecting people with our mission, initiatives, and opportunities. We will assess the user's experience and determine the effectiveness to meet your and others' needs.

1. **Responsive Design:** Altrusa.org has a responsive design that adapts to different devices, making navigation easy and user-friendly.
2. **Content:** Content accessibility provides an enhanced experience for users with disabilities.
3. **Engagement Opportunities:** There are many engagement opportunities for events and initiatives.
4. **Donation Process:** Donating made easy! Multiple payment options make it convenient for those contributing to our causes.
5. **Content Refresh:** Website content is updated to the latest news, events, and information about our organization.
6. **Social Media:** All social media is integrated for users to share content easily.
7. Finally, altrusa.org meets the needs of users by providing a responsive, accessible, and regularly updated platform. There is a lot of room for improvement, what do you think is a good website practice?

# ASTRA IMPROVE

## COMMUNICATION

BY HEATHER CLEAVINGER, DISTRICT EIGHT

IN THE JOURNEY OF LIFE, ADULTS SERVE AS GUIDES AND MENTORS, OFFERING INSIGHTS BORN FROM EXPERIENCE. THEIR INFLUENCE IS A COMPASS, NAVIGATING OUR YOUTH THROUGH CHALLENGES AND SHAPING CHARACTER. THESE YOUNG ADULTS ALSO HAVE THEIR PERSPECTIVE AND WISDOM, TALENTS AND INSIGHT THAT CAN HELP US BE BETTER. HOW DO WE BRIDGE THE GAP AND IMPROVE COMMUNICATION WITH EACH OTHER? HERE ARE A FEW TIPS THAT I CHALLENGE YOU TO TRY. I WOULD LOVE TO HEAR YOUR FEEDBACK AFTER IMPLEMENTING THEM.

1. ATTEND AN ASTRA MEETING. OBSERVE BUT THEN BE WILLING TO GIVE SUGGESTIONS AND GET INVOLVED.
2. ASK ASTRA MEMBERS TO HELP WITH YOUR NEWSLETTER AND SOCIAL MEDIA. THESE STUDENTS ARE SO TALENTED WITH TECHNOLOGY. NEED A FLYER? ASK FOR THEIR HELP!
3. PLAN A GROUP PROJECT WITH THE ASTRA CLUB THAT WILL BENEFIT THE COMMUNITY. TEAM UP AN ALTRUSAN WITH AN ASTRA MEMBER AND HAVE THEM WORK TOGETHER. WE HAVE SO MUCH WE CAN GAIN BY LEARNING FROM EACH OTHER.
4. INVITE GRADUATING SENIORS TO JOIN ALTRUSA. SEND A GRADUATION LETTER, FOLLOW UP WITH A TEXT, AND A PHONE CALL.
5. HOST AN ACTIVITY WITH THE ASTRA CLUB AND THEIR PARENTS . IT'S A GREAT WAY TO FIND NEW MEMBERS AND GROW ALTRUSA.
6. ADOPT A MEMBER . SELECT AN ASTRA MEMBER AND ADOPT THEM FOR AN ENTIRE YEAR. THIS WILL KEEP BOTH INVOLVED AND IS A GREAT WAY FOR YOU TO LEARN FROM EACH OTHER.

TEENS CAN OFFER ADULTS FRESH PERSPECTIVES ON TECHNOLOGY, SOCIAL DYNAMICS, AND EVOLVING CULTURAL TRENDS. THEIR INNOVATIVE THINKING MAY INSPIRE NEW APPROACHES TO PROBLEM-SOLVING, FOSTERING A VALUABLE EXCHANGE OF IDEAS. AFTER ALL, WE ARE BETTER TOGETHER!

WE LOOK FORWARD TO HEARING YOUR SUCCESS STORIES! HAPPY NEW YEAR AND LET'S MAKE THIS THE BEST YEAR EVER!

## **United Nations: International Years**

*Kathy Schrein, Altrusa Representative to the United Nation's Department of Global Communications, Civil Society Unit/NGO, Chair*

Did you know that 2024 is the United Nations Year of Camelids? Camelids-those are camels, llamas, alpacas, vicuñas, and guanacos. This important group of animals is known for food, milk, transportation, and wool throughout many parts of the UN's world. OK, maybe not large Altrusa cities! (See <http://undocs.org/A/RES/72/210> for the exact resolution and further explanation)

In the last Compass issue, the UN's Days of Observance were detailed. The UN designates not only specific days, but also weeks, years and decades. These occasions mark particular events or topics to promote, through awareness and action, the objectives of the UN. Usually, it is one or more Member States that propose these observances. Next, the UN's General Assembly establishes them with a resolution. On certain occasions, these celebrations are declared by the specialized agencies of the UN, such as UNESCO or UNICEF. These special organizations support the designated occasions when they concern issues that fall within the scope of their agencies' particular competencies. Some of them may later adopted by the General Assembly.

Future UN International Years:

2025-International Year of Glaciers Preservation

2026-International Year of Rangelands and Pastoralists

So, if an Altrusan happens to see a camel in 2024, be sure to give a hearty greeting and a big CONGRATS!

Peace, dignity and equality on a healthy planet...United Nations

## **Long Range Strategic Planning**

*Kitty McElhaney, International Vice-President*

The Altrusa International, Inc. Strategic Plan spans a six year timeframe, with revisions every biennium, per Altrusa International Policy 9 I. The current plan for 2022-2028 is located on the Altrusa International website. The Long Range Strategic Planning (LRSP) process is underway to prepare the 2024-2030 LRSP. In August 2023, each International Committee Chair, Governor's Council Chair and International Board members were provided the current plan along with the goals of International President Linda Smith and each International Committee. The intent was to include all levels of membership in the process, in that committees are comprised of members across the districts.

During the months of September and October I was afforded the opportunity to meet with committees and share the process, including the timeline for development of the LSRP 2024-2030. The first step was to do an analysis to identify the Strengths, Weaknesses, Opportunities and Threats to the organization. This is referred to as a SWOT analysis. The groups submitted their SWOT analysis by early December. What a plethora of topics included! The submissions were comprehensive and many groups identified the same analyses on items. The information was collated into one document.

In early January each International Committee Chair, Governor's Council Chair and International Board member were provided the collated SWOT Analysis, 2022-2028 plan, current biennium goals, sample goal, and goal template. Each Committee/group is asked to submit at least one goal, but no more than two by April 15, 2024., with one goal in the committee's area of expertise and if they so choose, another goal in any area. The Governors and Governors-Elect can choose the area(s) for which they would like to prepare goal(s).

The dedication of all who contribute to the process is greatly appreciated, as it will be representative of members across the organization.

The submissions will be compiled as a draft plan. The International Board along with the Governors-Elect will be finalizing the updated plan in July 2024 at a joint meeting.

## District Conferences & the International Visitor

*Christine DeVlieger, President Elect*

Have you ever received an invite to a wedding or family reunion? Sure. Sounds exciting. You'll know at least a few people there. But then you start to wonder...who will I know there? What should I wear? What should I pack? Who will I sit with? What about the travel plans? The list goes on and on.

Well, this is similar to when we, as International Board members, are assigned to visit a District Conference. One of my favorite things serving on the International Board is when I have the opportunity to visit other Districts. I can hardly wait to receive the assignment list each year. Then once I receive the assignment, my mind starts spinning. Have I been to this District before? Will I know anyone? What would they like me to do? How long will I have to share news or present on activities and/or happenings throughout our association? Again, the list of questions goes on and on.

So, I am happy to share with you a few things about International visitors at District Conferences.

1. We are connectors. One of our roles is to be a liaison between Clubs, Districts and International. Sharing information and networking about membership, service projects, club building, fundraising, succession planning, or whatever is on your mind is vital to the success of our association.
2. We are communicators. We can't wait to share what is happening worldwide within Altrusa. Make sure to give us time during your Conference to present.
3. We listen. This is important for any relationship to thrive and last. This includes removing any mistruths or barriers. Don't be shy. Ask an International visitor anything (well almost anything!) LOL We may not have an immediate answer, but we will find out and get back to you.
4. We love continuous improvement. We are on a journey of learning and leadership as many of you are. Each time we present and/or lead a workshop, you help us grow and develop as leaders. If you should need a workshop presenter, facilitator or any assistance, don't hesitate to ask.
5. We care. We are happy to support the District Governors, their Boards and Conference Chairs as needed. We want you to have the best District Conference ever!
6. We are Altrusans. So put us to work! We love helping out in any way and with anything. This could include assisting with set-up or preparing Pre-Conference, or even afterwards with Post-Conference. Let me give you a few examples of when I visited District Conferences. I've helped pack goodie bags. I've moved boxes. I've carried flags for the flag ceremony. I've participated in service projects. I've even bused tables after meals. I believe that any Altrusan or International Board member is not above rolling up their sleeves and doing whatever it takes to help the District Board and Conference Chairs.

District Conferences are a perfect way to renew and reconnect. On behalf of the International Board, we look forward to seeing everyone at your upcoming Conferences. Together, we will discover ways to continue the legacy of service started over 107 years ago by Mamie Luella Bass and grow Altrusa in our communities.

## **International Service Committee Literacy Challenge**

*Karyn Evans, International Service Committee, Chair*

If there is one thing Altrusa may be known for, it's literacy. The One Million Book Challenge continues this biennium, and it will take every District, every Club, and every member to meet - or ideally, surpass this number. What have you done and what do you have planned to help ensure our success?

During the last biennium, Altrusans recorded the donation of 644,437 books - an amazing number, but not meeting our goal of one million. I can't help but wonder how much closer we would have been to meeting this goal if all the books had been reported? Did your club distribute any books? Did you report them - all of them? Some clubs were diligent in reporting the books distributed through their main literacy projects but didn't report smaller projects. For example, some clubs maintain one or more Little Free Libraries. Even with a few books each month, the numbers add up. Perhaps, your club handed out a few books at a small community event. Twenty-five or thirty books may not sound like much when looking at a million-book goal, but if 100 clubs fail to report 25 books, that is 2,500 toward our goal.

Reporting is an easy option on the Altrusa International website. Just log in and go to the Service Page. At the bottom of the article on the Altrusa International Literacy Challenge, click on "Entry Form" and respond.

Altrusans are more than capable of surpassing this goal. Let's get going!
